Dear Fellow Shorthorn Breeders:

The first AUTUMN INTERNATIONAL SALE offers to the prospective buyer, cattle from the best bloodlines in Shorthorn history. I personally have seen the majority of the cattle being offered and can state honestly that this could well be one of the finest sets of cattle offered for sale this year.

Polled as well as horned Shorthorns, dual and beef, tremendous show prospects, bred cows & heifers, what ever you may be looking for will be offered and at quality that would take weeks of travel to see. Some of the 1975 bull and heifer calves have already been campaigned successfully on this year's show circuit, competing in major shows. Bred females carrying the service of some of the greatest sires of Shorthorn history will be sold.

The search for that certain individual animal that will compliment and improve a herd sometimes seems to be an infinite impossibility. Taking the time to travel to many breeders in culminating that search is sometimes impractical and too time consuming.

It has been my God given opportunity to travel throughout the United States and Canada the past few years in this Shorthorn business. I felt a strong need to institute a sale of this caliber with breeders from both countries participating. I wish to thank the breeders for consenting to consign cattle from the heart of their herds, in some cases the top producing cow, or a tremendous show prospect that they have already started to fit for the coming year. Friends, these consignors are traveling hundreds of miles to this sale. They intend to come with their best. There is no show so you will be the judge.

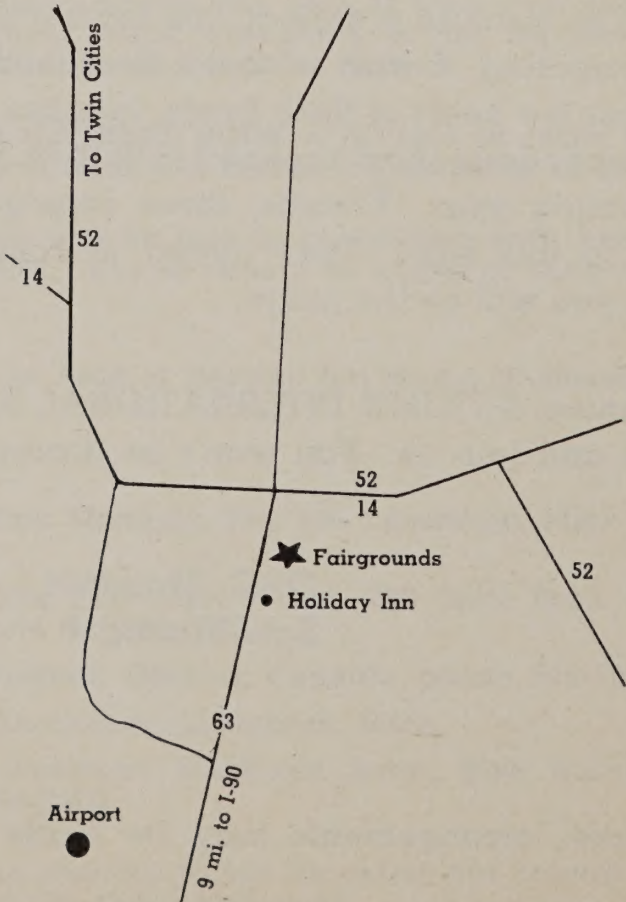

Let this first annual AUTUMN INTERNATIONAL SALE be the end of your search. Come and join us. You won't be disappointed.

As we also have the 2540-lb. Sibilu Leader Command, Cracker's use is now very limited. Recently we just bought two powerful bull calves which we plan to use on heifers next year. With two crops of heifer calves, we have very limited use for Cracker and have decided to sell him at the Autumn International. Look him over carefully if you are looking for that sure, good breeding bull. You won't be disappointed.
